PETITION TO CORRECT INVENTORSHIP UNDER 37 C.F.R. § 1.48(a)

Assistant Commissioner for Patents
Washington, DC 20231

MAILED: December 5, 2001

Honorable Commissioner:

The above-captioned application was filed on December 28, 2000. Ernest H. Roberts was named as the sole inventor. As a result of discussing the papers filed in that application, it was determined that Philip G. Koehler was also an inventor of the invention claimed in the captioned patent. His omission from the list of named inventors was made without any deceptive intent.

Applicants respectfully request that the inventorship in the captioned patent application be corrected to add Philip G. Koehler so that the named inventors read: Ernest H. Roberts and Philip G. Koehler. In support of this petition, applicants have attached a statement from Philip G. Koehler stating that the omission of his name from the list of joint inventors for the captioned application was made without deceptive intent on his part and a statement from the original named inventor stating that there was no disagreement in regard to the request change.

A petition fee in the amount of One Hundred Thirty Dollars (\$130.00) under 37 C.F.R. § 1.17(i) for correction of inventorship in an application is enclosed.

Respectfully submitted,

OF INVENTORSHIP UNDER 37 C.F.R. § 1.48(a)

Assistant Commissioner for Patents
Washington, DC 20231

MAILED: December ___, 2001

Honorable Commissioner:

I, Ernest H. Roberts, hereby declare as follows:

I am a named inventor in the above captioned application, which was filed on December 12, 2000. A signed Declaration and Power of Attorney was submitted naming myself as inventor.

I believe that Philip G. Koehler should have been named as a co-inventor in the above captioned application since he contributed thereto. The omission of Mr. Koehler's name from the list of inventors was an error made without any deceptive intent on my part. Accordingly, the application should be corrected in compliance with 37 CFR. 1.48(a).

Specifically the inventorship of the application should be amended to reflect Ernest H. Roberts and Phillip G. Koehler as co-inventors.
